InfraBed Core Activation

Core Activation is the central therapeutic purpose* for the InfraBed range of hyper-thermal therapy products. Used for working both locally or generally* to deeply penetrate for natural bio-activation with far infrared & subtle energies. * *“feeling and moving better”*

InfraBed Hyper Thermal Therapy

InfraBed **Hyper-Thermal Therapy** gives you influence on your **Core Body Temperature** with InfraBed's Time and Temperature controllers. These you can set and forget from **30 - 70 degrees C Temp** and **Timer from 3 to 12 hours**, depending on types of **ACHE**.

Holistic Hyper-Thermia

Holistic Hyperthermia is a most natural and popular holistic health practise. It includes Dry and Wet Saunas, Sun Bathing, Hot Springs, Hot Baths, Hot Lamps and **Hyper Thermal Therapy InfraBeds**. Controls are precise and easy. Add **BioBlanket** for a 'Cocoon'.

InfraBed ACHE Settings

InfraBed has a range of setting options for your therapy needs. **A cute** mid-high temp low-time. **C hronic** use mid-temp & time. **H olistic** low-temp & long-time. **E nergetic** room-temperature ie **body temperature** for any length of time, for holistic bio-energy protection and calming.

Amethyst Far Infrared Profile

InfraBed's **Amethyst crystals**, when heated, emit both gentle subtle and deeply penetrating **Far Infrared** emission profile, around **9.2 numens**. This is the 'sweet spot' considered ideal in bio-energetic thermal therapy. Infrared is natural, light-based, and anti-inflammatory in effect.

InfraBed 'Sun' Power

InfraBeds emit a natural 'Sun-like' Far Infrared, light-based deep thermal therapy. **Viruses and cancers do not like heat**. Good core body temperature activates and supports organs, circulation, metabolism and immune system optimal functionality.

Multi Layers Construction

InfraBed 15 layer construction is designed to **protect from** external emissions, incl **EMF**. Also to produce and reflect both ideal subtle and **Far Infrared Bio-therapeutic Emissions**. Several of your Infrabed layers, including a **negative ions** layer, are also in Energy **BioBlankets**
