# **ENAR ACCESSORIES**

### **ENAR Self-Treat Extension Handle**

\$145

The ENAR Extension Handle is ideal for self-treating the back and other hard to reach areas. Simply open the arms into their lock out position, clip the ENAR into place and start treating around your torso and over the shoulders.

# **ENAR Through-Hair Brush (or Comb)**

\$120

Through-Hair Brush \$120 (or Comb \$145) ensures excellent skin contact when working directly on the scalp or other areas where there may be abundant hair. Good for cranial neuro stimulation, for stroke, and perfect to treat animals.

### **ENAR Fine-Point Wand Probe**

\$100

This very fine point beauty electrode is perfect for treating the face, fine lines, spots and wrinkles. The wand's unique design means it is only for treating yourself, because one end of the circuit is through the hand holding it.

### **ENAR Bell Mushroom Electrodes**

\$175

ENAR bell mushroom probes are handheld extension electrodes for massage style remote access. Treat areas large, small or long and patients themselves can deliver treatment to areas that are sensitive or require micro massage.

### **ENAR Y-Point Probes**

\$100

The **Small Y-probe** is an invaluable accessory for treating around toes, fingers, face and neck.

The Large Y-Probe (\$145) electrode balls are ideal for large and long muscles and for sweeping the spine and the three pathways.

### **ENAR Acu-Point Probe**

\$120

The **Acu-Point Probe** is an extension electrode for treating key-points. ENAR functional for Dose mode, and for personal dental. Acupuncturists use ENAR with the Acu-Point Probe to precisely treat meridians and fine key-points.

# **ENAR 2-Way Leads**

\$25

\$70

ENAR **2-Way Leads** are useful for applying ongoing treatment to areas like the back, knees or shoulders, where you can 'set the device and forget it'. With ENAR in a pocket, you can enjoy a treatment whilst moving. New **L**-Shaped plug.

#### ENAR 4-Way Leaus

T - -

\$220

The **4-Way Leads** are able to apply treatment to an even more dispersed area and are useful in energetic techniques where the goal is to lift overall energy. You can enjoy a lengthy treatment while going about other activities.

### **ENAR Adhesive Pads**

\$25

Long Handle Multi-Headed Probes Set

Adhesive Electrode Sticky
Pads are reusable. Supplied in
a pack of 8 Small pads, 4 Large
pads, 2 X-Large or 2 Butterfly
pairs.Useful in applying to any
